

Camden County Workforce Investment Board

Faith-Based Workgroup Planning Framework: In support of the development of a Travel Management Coordination Center

Meeting on Thursday, August 9, 2007

Location: One-Stop Auditorium

Time: 2:00 pm

I. Welcome & Introductions

II. Presentation of Transportation Planning Grant

III. Discussion

- ◆ Does this seem like a good opportunity for the Faith Based Community?
- ◆ Are the issues that need to be addressed the same as what was discussed in 2005 (see attached) such as:
 - insurance,
 - gasoline,
 - maintenance,
 - DOT certification,
 - licenses,
 - staffing requirements and staff training,
 - record keeping; and
 - compensation
- ◆ Are there other issues?
- ◆ What might Faith-Based participation in a Travel Management Center look like?
- ◆ What do you see as the most difficult issues to tackle in order to accomplish the design of the FBO's participation?

IV. Organization of the Work Group

Purpose / Goal of the Faith-Based Workgroup: Develop the key elements for the participation of the FBO in a Travel Management Coordination Center. Document that participation in a detailed business plan that can be incorporated into the full report to be submitted to the US Department of Transportation in June of 2008 for consideration for full funding.

Issues: Who is not here who should be a member of this Workgroup?

V. Next Steps

In preparation for the next meeting, FBO Workgroup members should review the recommendations from the previous years. Donna will follow-up with each to identify the most critical issues for discussion at the next meeting.

Next meeting: Determine how best to address each of the key elements that need to be part of the business plan.
