1.0 PURPOSE

The intent of this Request for Proposals and resulting contracts is to obtain services to address specific needs of welfare recipients, in accordance with the State of New Jersey TANF Work Verification Plan [New Jersey State Plan for Temporary Assistance for Needy Families \(TANF\) FFY 2024 - FFY 2026.pdf](#) and [NJ SNAP | SNAP Employment and Training \(E&T\) Program](#) . Recipients of Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP) and General Assistance (GA), including Able Bodied Adults Without Dependents (ABAWD) often face a myriad of challenges to integrate into the workforce. Many recipients require a safe environment that will allow them to begin to build the skills necessary to obtain and retain unsubsidized employment and to ultimately reduce their dependence on public assistance. These individuals also often require a support network to successfully navigate this significant transition.

The State of New Jersey and Camden County have identified funds for a variety of skill building and supportive services to ensure the success of welfare recipients. The primary purpose of the services requested under this RFP is to get the participant into an activity leading to employment and keeping them in the activity until either the participant becomes employed or starts in a next assigned activity.

Camden County also recognizes that its non-English speaking residents face distinct barriers. Many are first-generation, and they have limited English proficiency. These non-English speaking individuals are now in an environment where employers prefer English speakers. Also, many foreign-born individuals are not adept at navigating the systems within which the general population

navigates. These barriers are extremely challenging.

Camden County is seeking proposals for services in the following categories:

1. WFNJ services will prepare the person to obtain and retain a subsidized or unsubsidized job in a demand occupation. The TANF program should be designed to provide full-time, countable work activities as prescribed for at least three months and be extended at no additional cost for up to a total of six months. The GA program should be designed to provide full-time, countable work activities for up to 35 hours per week for at least three months and be extended at no additional cost for up to a total of six months. Referrals must be accommodated on a same day/next day basis. The SNAP program should be designed to provide full-time, countable work activities for up to 35 hours per week for at least three months and be extended at no additional cost for up to a total of six months. This may include Able Bodied Adults Without Dependents (ABAWD) who may require up to 80 hours of countable activities per month.
- **The first component is Non-Education/Non-Work.** All WorkFirst NJ *Non-Education/Non-Work* service components must be done for a minimum number of hours prescribed per week. The prescribed or required number of *Non-Educational/Non-Work* hours shall NOT be exceeded. Each recipient (i.e., TANF, SNAP, and GA, including ABAWD) may have different minimum hour requirements per week. Services may include those identified on the WFNJ Service Dashboard chart under the *Educational Programs* section with the Provider column marked “Open for Proposals”.
- **The second component is intensive WorkFirst NJ *Educational Programs*** connected directly to entry level employment, suitable to meet the needs of the participant or an employer and be provided for 10 hours per week. All WorkFirst NJ *Educational Program* service components must be done for a minimum number of hours prescribed per week. Services may include those identified on the WFNJ Service Dashboard chart under the *Educational Programs* section with the Provider column marked “Open for Proposals”.
- **The third component is *Work Experiences*.** All WorkFirst NJ *Work Experiences* service components must be done environment for a minimum number of hours prescribed per week. The prescribed or required number of *Work Experiences* hours shall NOT be exceeded. Each recipient (i.e., TANF, SNAP, and GA, including ABAWD) may have different minimum hour requirements per week.
- **The fourth component is *Supportive Services*,** Clothing Assistance for participants entering the job market or a work activity. The Provider of this supportive service may provide each referral with at least one outfit, suitable for job interviewing, including appropriate garments and accessories. If services are proposed, Provider must work with participants who identify as male, female, as well as non-gender specific populations. Additional outfits are allowable with scheduled unsubsidized employment. This is an optional service component and is included as a Benchmark, if proposed.
- The provider will be required to provide daily onsite supervision.

- All services should be provided in close physical proximity to each other. The ideal provider will house the Educational Programs and Work Experiences components and other services together in every facility used.
 - All WFNJ training sites will require a formal Camden County/NJ Labor & Workforce Development (LWD) Worksite Agreement.
 - If the WFNJ site is not sponsored by the proposing agency, then there will be a need for a Memorandum of Understanding and the WFNJ Provider must have sufficient Educational Programs and/or Work Experiences slots to meet daily requirements.
- The program outcome is full-time 35 hours per week paid employment or sufficient earnings to close the cash grant. The provider must ensure that every participant is registered with Job Source and is regularly accessing job leads through an active email account.
- All enrollments must occur no later than September 30, 2027, to allow for final contract billing no later than November 30, 2027.

Providers responding to this Request for Proposals should have extensive experience and a knowledgeable background and qualifications in the provision of the services described herein.

The Providers proposing Work Experiences services must demonstrate sufficient capability to provide, on a next day basis, actual Work Experience positions equal to the potential for referrals and must have an approved Camden County/NJ LWD Worksite Agreement.
Providers responding to this RFP must enclose any participant program entry requirements, if any, and accept all viable referrals.

Strict daily attendance record keeping for WFNJ related activities will be required and monitored for each participant including TANF, SNAP, GA, and ABAWD. Daily attendance records will show participant sign in and out with times and dates and supervisor/instructor certification. Summary data will be verified against original daily attendance sheets signed by the participant and provider.

Attendance summaries of actual hours attended will be reported using County certified (State approved) daily time and attendance forms and e-timesheet technology for TANF. Providers providing activities must have the technological capability to utilize Microsoft Excel based e-timesheets and timely execute e-time transmissions for participants as required by the State of New Jersey. Providers must also maintain Individual Monthly Attendance Forms for both the Work Experiences activity and the Educational Programs component separately (attached).

Technical assistance and training for providers concerning e-time sheet execution will be provided to contractors. If the timesheet indicates that the individual is not participating according to current local procedures, intervention with the participant must be initiated immediately. The on-site supervisor must report non-compliance immediately to the One-Stop agency that assigned the activity in accordance with current local procedures.

The New Jersey Workforce Innovation Notice 8-17(P) is intended to provide guidance related to the Credential Attainment and Measurable Skills Gain indicators of performance.

Firms responding to this Request For Proposals should have extensive experience and a knowledgeable background and qualifications in the provision of the services described herein.

Despite any language contained herein to the contrary, this Request For Proposals does not constitute a bid and is intended solely to obtain competitive proposals from which the County may choose a contractor(s) that best meet(s) the County's needs. It is the County's intent that no statutory, regulatory, or common law bidding requirement apply to this Request For Proposals. The County intends to award this contract pursuant to N.J.S.A. 40A:11-5(1)(c).

Official County RFP documents are available from the County as described herein at no cost to the provider. Potential proposers are cautioned that they are proposing at their own risk if a third party supplied the RFP document that may or may not be complete. The County is not responsible for third party supplied RFP documents.

Camden County reserves the right to consider prior program

performance. Factors to be considered include WFNJ Service Dashboard selection/enrollment levels/LOS, benchmark attainment, and fund usage.

Camden County intends to fund multiple to ensure two factors, 1) that the diverse needs of the population are addressed and 2) that there is reasonable geographic access for all County residents.

Providers shall not accept CCOSCC referrals without a CASAS reading and math assessment, as documented on the referral form.

Except for Clothing Assistance, under no circumstances will a Provider receive more than a similar benchmark credit for a single participant within a single contract year.

MIS will send monthly level of service reports for each contract/provider by the end of every quarter; reports will include cumulative data through the prior month submissions. Providers are required to validate the data against existing records and report discrepancies to MIS within one week of receipt.

3.0 COMPLIANCE WITH LAWS

The successful provider(s) shall comply with all applicable federal, state and local statutes, rules and regulations, as well as the standard assurances and certifications of the NJLWD.

Proposals will be funded through the State of New Jersey Department of Labor and Workforce Development's Work First New Jersey funds. The Federal government allocates TANF and Food Stamp Employment and Training funds to the States to be used in a manner consistent with US Department of Health and Human Services regulations governing these funds and in coordination with the purpose and intent of the Workforce Innovation and Opportunity Act.

This Request for Proposals (RFP) is in accordance with and governed by The Deficit Reduction Act of 2005, which reauthorized the Federal Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996. PRWORA (Public Law 104-193) established the Temporary Assistance for Needy Families (TANF) block grant program. Under TANF, states determine the eligibility of needy families and the benefits and services those families will receive. States must use the TANF funds consistent with the purpose of the law, which contains strong work requirements, time limits assistance, reduces welfare dependency, and encourages two-parent families.

States are required to submit plans for both TANF and WIOA. New Jersey established the Work First New Jersey program, pursuant to the Work First New Jersey Act, Public Law 1997 c.13, .14, c.37 and c.38, N.J.A.C. 10:90-1.1, to build and expand upon the foundation of the basic principles set forth in PRWORA. In turn, the State of New Jersey required local Workforce Development Boards and counties to provide plans for both Work First New Jersey and WIOA.

Proposers must meet the requirements under the US Department of Health and Human Services, the State of New Jersey's TANF Plan, the Camden County Workforce Development Board's Strategic Plan, State of NJ TANF Work Verification Plan, and Work First New Jersey Plans. In addition, successful Providers must work with the CCOSC to ensure that participants meet work activity and other requirements for continuing to receive assistance. Please be advised that changes and/or requirements to the federal and state regulations may be made and that all providers shall be required to comply with these changes at any time during the contract period.

Jobs for Veterans Act: Priority of Service must be given to any returning veterans and eligible spouses (20 CFR Part 1010).

In accordance with the **Stevens Amendment**, this program is financed with 100% federal funds. Last year the amount was **\$1,246,000**. No non-federal funds are used for this program.

The following amount is an estimate based on the prior year's budget. For the Work First New Jersey TANF population, **\$997,500 is estimated**. For Work First New Jersey GA and GA/SNAP population, **\$248,500 is estimated**. Please note, since the County of Camden has not received the requisite Notice of Obligation prior to the release of this RFP, the awards under this RFP are therefore subject to the availability and appropriation of sufficient funds. It is the intent of

Camden County to fund multiple proposals for the reasons mentioned previously. Camden County will enter a hybrid contract with Providers who are awarded contracts. More specifically, the contract will specify that the Provider may receive 60% of the contract awarded on a cost-reimbursement basis. The remaining 40% may be paid based on performance payment benchmarks. Each service category has a mandatory maximum cost per participant.

To ensure the best utilization of limited funding, all selected providers will have 60% of total funding available through cost reimbursement. The remaining 40% of total funding will be earned through performance benchmarks.

Example:

- . Contract for \$100,000
- . 60% (\$60,000) available through cost reimbursement.
- . 40% (\$40,000) earned through Performance Benchmarks.

Failure to enroll during the initial funding period will require an immediate, written corrective action plan, subject to approval, and no payments will be processed. The WDB and the County reserve the right to decrease or terminate the total contract at any time. Note that the total of cost reimbursement payments and benchmark achievement payments will not exceed actual documented expenditures or contract amount, whichever is lower.

Contract enrollments more than LOS are permitted and benchmarks will be honored up to the contract amount and provider expenditures. In no event shall total reimbursement (cost reimbursement plus benchmark payments) exceed actual expenditures.

A Certified Monthly Expenditure Report (CMER) must be submitted monthly throughout the duration of the contract by the 10th working day of the following month to Fiscal Manager, Camden County One-Stop, 101 Woodcrest Road, Suite 127, Cherry Hill, NJ 08003. The WDB and the County reserve the right to cancel if CMERs are not submitted by the Contracted due date.

MIS will send quarterly level of service reports for each contract/provider by the end of every quarter; reports will include cumulative data through the prior month's submissions. Providers are required to validate the data against existing records and report discrepancies to MIS within one week of receipt.

Mid-Year Reviews – Prorated total benchmark attainment (not just LOS) **and** expenditures will determine compliance. If expenditures are below 50%, any or all subsequent (remaining) increments may be deemed unattainable. Percentage utilization of funds must be consistent with percentage of contract term completed.

Should grant funds be available, the County reserves the right to award additional slots at the Provider's request, provided the Provider is in compliance with the terms of the awarded agreement. The number of additional slots in no instance shall exceed 25% of the original level of service.

Proposers may submit a single proposal for more than one component. However, a separate budget must be submitted for each component. Proposers who are recommended for award of

more than one component will be required to submit additional budget documentation reflecting projected costs and cost allocation to the separate component programs.

The specific unit cost, anticipated levels of service, performance requirements and payment benchmarks for each WFNJ Service Dashboard service being solicited under this RFP are further defined within each service component described within this RFP request.

Note: The County reserves the right to negotiate with any or all providers meeting the evaluation criteria set forth herein. Negotiations will be conducted in accordance with the County's Request for Proposals policy.
